

Who is eligible for Early Intervention Services?

Under the **Individuals with Disabilities Education Act (IDEA)**, “infants and toddlers with disabilities” are defined as children from birth through age two who need early intervention services because they are experiencing developmental delays, as measured by appropriate diagnostic instruments and procedures, in one or more of the following areas:

- ◆ cognitive development
- ◆ physical development, including vision and hearing
- ◆ communication development
- ◆ social or emotional development
- ◆ adaptive development; or
- ◆ ...have a diagnosed physical or mental condition that has a high probability of resulting in developmental delay.

If your child is found eligible for Early Intervention Services at Kids On The Move, you and a team will meet to develop a written plan for providing early intervention services to your child and the family. This plan is called the Individualized Family Service Plan, or IFSP.
