

# kids on the move bridges

## home visits

Bridges empowers parents by providing direct and specific help in the home.

### For Parents Who Want to Learn More about Helping Their Child With:

- Behaviors at home or in public settings such as church
- Social relationships
- Potty training
- Maximizing home time for learning
- Language development
- General understanding of Autism Spectrum Disorders
- Educational supports
- And much, much more!!!!

### What We Offer:

- A visit in your home at your convenience
- A customized plan of support for your specific needs
- Access to expert staff and resources

### What to Expect:

- Visits last about an hour
- You choose how and when you receive help and visits
- One to two Bridges Staff members come to your home
- Support is given in the way you need it
- Techniques are often modeled by staff and then you practice the same techniques with support

*“Bridges provides services so many parents and kids need and they are the only place you can get them.”*

*~Parent*

empowering families, one kid at a time
